Chairman's Message

Welcome to all supporters, sponsors and members to Hindmarsh Stadium.

Firstly on behalf of the Adelaide City Zebras, I would like to extend an apology to all our supporters for the change of kick off time for today's game. The decision was made by the Australian Broadcasting Corporation (ABC) to suit their broadcasting requirements, and despite our efforts for a 7.00 p.m. kick off, the ABC was unable to compromise.

It gives me great pleasure to welcome the current Soccer League Champions, South Melbourne to Hindmarsh Stadium. Currently placed in the top six, South Melbourne are once again proving their strength in the league. Wearing the blue and white for South Melbourne is ex Adelaide City player, Goran Lozanovski, we welcome him back to Hindmarsh Stadium. Also in the blue and white is Jason Petkovic's brother, Michael, with two brothers, standing opposite one another on the field, literally, today's match should be very entertaining.

It was disappointing to see the Adelaide Rams fold a fortnight ago. We extend our very best wishes to the players and hope that they will find an ARL club which will provide them with a playing career. At this point, we would like to extend an invitation to all Rams members and spectators to OUR code of football, we would be delighted to see them support Adelaide City.

It is encouraging to see the enthusiasm of our supporters building up. It is important to realise that the team on the field rely on us as supporters to boost their moral during a game. We aim to attract a black and white army to all the home games, we encourage

spectators who want to be part of our "army" to contact the Club on 8346 9500. Lets work together to make Adelaide City a force both on and off the field, and make our home game advantages really count. We all agree that a soccer match is far more enjoyable when the spectators are vocal, so it's up to each individual to get seriously behind the team.

Today is the last home game before Christmas, and I'd like to thank our major sponsors, Festival City Wines & Spirits for once again supplying Christmas Cheer to today's game.

In closing we wish all the players, coaching staff, sponsors, members, supporters and their families a happy and safe Christmas!

Enjoy the game!

Zebra's Head

It seems we're slowly finding our way to playing to our full potential but having said that, we've had some close encounters along the way. For example, the match against Sydney United was a very entertaining match in the eyes of the spectators, it was a match that could have quite easily have gone against us. Apart from the fact we are having to deal with competitive opposing teams throughout the season, we must ensure that there is no room for complacency, therefore aim for a more consistent and conforming approach to our game plan.

Last week's trip to Canberra is perhaps a fair indication of just how competitive opponents can be, particularly when playing at home. Although Canberra is yet to win a game this season, they proved to be no easy beats and it took us well into the second half to finally score the winner. History shows that we've always had difficulty with lesser opponents but I guess we never should take any opponents lightly. At the end of the day, we really can't complain about the result not to mention the three points that came with it!

Tonight we face South Melbourne who are a well-balanced outfit and currently travelling quite well. As one of only three teams to have been in the league since it's inception, they are the current National Soccer League champions and obviously carry the extra pressure of the "team that all teams want to beat" We've produced some great entertaining matches in the past to the extent we now have a traditional rivalry of an authentic "South Australia vs Victoria" classic encounter.

Hopefully tonight will be no exception.

Finally, I welcome the kids from CANTEEN and sincerely hope that they enjoy the Christmas Festivities but also the entertainment produced by one of the real classic matches on the year's soccer calendar.

Milan Ivanovic

MARADONA, PELE, MATTHEWS, BAGGIO, VAN BASTEN

..... IVANOVIC

By Val Migliaccio

"Just try and stop me" ...Milan

Every now and then a phenomenon emerges on the soccer scene. This type of player manages to capture the heart of every soccer supporter in the land because they are able to explore new boundaries, which no-one thought had existed and managed to capture the world in awe by sheer brilliance.

You can put Brazil's great Pele, England's Sir Stanley Matthews, Italy's Roberto Baggio, Argentina's Diego Maradona, Holland's Marco Van Basten and Germany's Franz Beckenbauer all in that category.

Australia and Adelaide City have been lucky to have one man in the very category mentioned, the great Milan Ivanovic as part of the national league competition since 1989. I'm sure there are plenty of skeptics who will disagree,

even chuckle at my suggestion but many soccer critics will tell you. Who has been the biggest influence to Australian soccer of all time? Milan Ivanovic's name will invariably come up.

If you have been lucky enough to meet Milan, the Doctor as he is affectionately named, he is modest to the point that he will talk down all of his achievements and the impact he has made in Australian soccer.

Milan made his name in football with Yugoslavia's great club Red Star Belgrade and some of his teammates included Dejan Savicevic, Dragan Stokicovic and Robert Prosenecki. These three players all have had an amazing impact in world football. Milan said, "It was a good Red Star team and we played in the Champions Cups and UEFA Cups. The most memorable clashes were against AC Milan "Dream Team" in the Champions Cup when we drew 1-1 over the two legs and eventually lost on penalties. AC Milan had players such as Franco Baresi, Frank Rijkaard, Ruud Gullit, Marco Van Basten, Roberto Donadoni and Marco Tassotti. Milan went onto to be undisputed World Club Champions in an amazing era."

The list of greats that Milan has faced over the years doesn't stop there either." The most memorable match for me was back in 1993 with Australia at the Sydney

football Stadium against Argentina. Maradona was on the park and he was the greatest player ever. I have also been lucky enough to play against Eric Cantona, Jean Pierre Papin and Marcel Desailly of France and some of the greatest Brazilians including Ronaldo, Romario, Dunga and Denilson," said Milan.

Milan has now played 278 matches for the Zebras and scored twice and his position has been sweeper and no one will take that away from him, "I've only scored one against Blacktown City and the other against Collingwood with Zoran as the coach. It's quite funny because in Yugoslavia I scored many goals for Red Star from the sweeper position and I even scored for Red Star when we played Australia in 1985 and I found it hard to score here. Maybe Damian scores for all of us!

Milan will turn 38 years of age on the 21st of December and most players would have thrown in the towel but Milan lingers on. "Sometimes I think about my age and it does cross my mind, but if I train well or have a good game I forget all about it. I think the secret has been to get plenty of rest and condition the body physically and mentally. I like to prepare well for every match I play and analyse the opposition players. As for reading the game and instinct it has come naturally to me."

In 1991 Milan turned 31 and when most players would have thought about renewing their super fund, Milan was called up to the Socceroos by Eddie Thompson for the first time, "Eddie had plenty of time for me and stuck by me. I really admired him as a coach.

When Eddie Thompson called it a day and Terry Venables took over El Tel kept Milan in the squad and perhaps, just perhaps if the Doctor were on the park Vs Iran in Melbourne Australia would have gone to France. "Terry was a good coach, but I seriously think he didn't spend enough time here and understood our game. An Australian coach should know about our local league and how things work, Raul Blanco and Zoran Matic would have the advantages."

Milan has been with the Zebras through their most successful period thus far winning two championships and two national cups, "The highlight was the 1994 Grand Final winning against the Knights, we had our best finals series and we got better with every game. At the same time the 1995 Grand Final loss was terrible we went in with a lot of expectations and came out with nothing."

Milan has nearly completed his Level 3 FIFA coaching certificate; "I would like to set up my own coaching school in the near future, it has been a long term ambition of mine. I would like to pass on my experience to young soccer players. We have the right ingredients here to produce many brilliant players but so many haven't been developed for the next step. A critical age for players is 14-15 and at 17-18 they should already be knocking on the door for first team selection."

I was quite a privilege spending time with Australia's greatest ever sweeper and I just wonder if Milan will take 37 year old students in his coaching school when it's up and running, I want to join up!

Today's "Game"

South Melbourne along with Marconi and the Adelaide City Zebras are the only founding members in the Ericsson Cup who have stayed in the competition consecutively since its inception in 1977.

Over the years the battles between South Melbourne and the Zebras have been enthralling. From the very first time the two clubs met in the national league a healthy rivalry has developed.

Only those lucky enough to actually witness some of the battles both in Adelaide and in Melbourne can recall what victory means to the two clubs.

In the early 1990's the Zebras and South met in four consecutive Preliminary Finals and the Zebras won three out of four with two Grand Final championships to show in that period.

Such is the will to win for both clubs that sometimes things can go hay wire, players get out of hand, hot headed and there are usually some incidents which you don't normally see in any other Ericsson Cup fixture.

This match is the last match at Hindmarsh for the Zebras before Christmas and most Zebra fans couldn't think of a better Christmas present than a victory against South.

After all South Melbourne is the crowned champion of last season and to quote Zoran Matic in The Advertiser (1/12/98) while talking to chief soccer journalist Meno Tousidis, "I don't care about reputations. What happened yesterday doesn't interest me. It's tomorrow that counts." So there you have it that quote applies to our boys as well as the visitors. Fireworks are predicted with some of the biggest reputations in A league football on the line.

South's Paul Trimboli the Peter Pan of soccer will match up against Alex Tobin, Mr. Soccer. Jason Petkovic between the posts will want to show his younger brother Michael (South's 'keeper') who is best. Damian Mori has a point to prove against his old club South Melbourne and he will take with him two players wherever he goes.

South's Vaughan Coveny, Goran Lozanovski and Michael Curcija against Adelaide City's Dongi Ki Kim, Angelo Costanzo and Carlo Taldira.

This is it: an Australian showcase of the best and South Melbourne will come here under no false pretences. Wonder Coach Angelo Postacoglou has blue blood, this game for him is not just about winning it's, about life. It doesn't get any better than that!

The Zebras are playing a brand of football that we haven't seen for a few seasons. Possession, patience, strategies, skill, fitness, flamboyance, heart and intelligence. South will try and counter with their style, this is no game for the feint hearted, for the thrill seekers this is it!

Ever seen a pack of Zebras go wild, wait and see!

Vince Franze of the Bridgestone Tyre Centre, Rosewater has for the third year in a row kindly offered a cash prize to the player of the year. The three players judged on the day to be the best and most consistent will receive the votes, with the best player awarded 3 votes, second best two votes, and third best one vote. The award at the end of the minor round season will be given to the player who has tallied the most votes throughout the season. Voting will apply for home matches only.

ROUND 8 1998/99

Adelaide City Zebras vs Sydney United (3-2)
3 points- Carl Veart

Carl Veart returned to his best form, with more tricks and pulled some magic out of the bag. Veart, ran hard tackled well and some of his moves were breathtaking to watch. One of Veart's most impressive moves came in the first half when he changed direction, dropped the shoulder and left his marker chasing his shadow in the Hindmarsh floodlighting.

2 points- Brad Hassell

Brad made a big impact in this match by scoring the winning goal and his work rate has been increased to overload proportions. Hassell on his day is the best attacking midfielder in the country and right now Brad is showing some great consistency.

1 points- Carlo Talladira

The game against Sydney United was one of the Zebras toughest tests and when the chips

were down late in the first half Carlo unleashed a powerful drive that rocketed into the top corner for the Zebras to come back into the match. Carlo was instrumental in the Zebras remaining calm after the early set back goal against the Pumas.

SPECTATOR VERDICT

South Melbourne will again start the season as favourites and rightly so. South have tremendous stability on the park and seem to work for each other. The hardest thing about winning the Premiership the season before is the dreaded hangover and if South can overcome that it could be back to back titles.

THE SKIPPER PAUL TRIMBOLI

Trimmers is one of the all time legends of the Ericsson Cup. He has now racked up over 300 appearances for South Melbourne and at a time when most of the best talent in Australia left to find the pot of gold at the end of the rainbow, Trimmers stayed put and made quite an impact. Slightly built and yet

Trimmers can take all the hard knocks dealt to him throughout his career and set a remarkable example for Aussie soccer with a great temperament and one of the greatest soccer brains in the country. If Trimmers is allowed to dictate play tonight we're in for a long evening.

THE COACH

ANGELO POSTACOGLOU

Poker face Angelo! He never showed any emotion right throughout last season until he dropped the big word on national television after winning the Grand Final. Postacoglou has demonstrated that he is capable of extracting the best possible performances from his players and at the same time able to keep his large squad content.

Zoran's Den

This week, I would like to devote this column to the people who work behind the scenes and make it possible for us to take to the field in the very best possible shape.

Apart from the valuable coaching help that Joe Mullen, Serge Melta, Steve Maxwell and Neville Flounders provide, our Medical Staff consisting of Dr. Tom Mittiga, Brian Bannan, Glen Dodds and Remo Paris work very hard at all hours to enable our injured players to get back on the field as soon as it is possible, and even more importantly they are preventing further injury. Joe Camileri "Zeppy" is a man we can not do without and this program would be too small if I wanted to list all the many duties "Zeppy" performs. We also very much appreciate all the work that Mary Zollo and her team put into

organising the "suppa" after training on Friday nights before our home games in their cheerful and friendly manner. There are many other Charlie's, Tony's, Joe's and others who lend a hand.

Our win against Canberra gave us another 3 points that we badly needed and also gave us a good lesson for the future as Canberra was very enthusiastic and fought hard making it difficult timewise for us to break them down. Hopefully they can keep up their spirits and get some points from other teams.

To everyone of you and your families I would like to wish you a very Merry Christmas and the Best New Year in this millennium.

LETTER OF THE WEEK

To survive in the now very "business" orientated national league, it is no doubt that Adelaide City must increase attendance for home matches. While the club is trying very hard to do this by targeting various groups (school children, Korean community etc.), I believe that they are attacking it from the wrong angle.

Even two seasons ago, Adelaide City was getting ten thousand people to nearly every home game and the Derby games against West Adelaide would almost definitely sell out. After a couple of years without a grand final or great final placing, the crowds began to dwindle. What the club needs to do is to attract these people back to Hindmarsh. These people are not new fans to the club and therefore do not need "converting" to Adelaide City or soccer in general.

As the crowds started to get smaller, the attendance began to degenerate into almost nothing and I believe if this can be reversed, the attendances will begin to climb to the levels of a few years ago. The club has tried to do this by starting a free cheer squad of which I am a member and I am surprised that many people haven't joined. We have tried to create some atmosphere at the home games but it is very hard when you only have about ten people willing to actually help.

However, when ever we try to start something, we always get people complaining. The club has provided drums to use but last week we had Sydney United "supporters" trying to make us stop because they were too loud. At the last home game, we had the security guards confiscate three large flags because the S.A. Soccer Federation believes that poles should be used as weapons. In the past, people have had whistles, air horns, megaphones, banners etc. taken away for reasons no one seems to know. All we are trying to do is support our team in the way which we find the best but with silly rules like this, it is no wonder that many fans get disheartened and do not come to the games. Adelaide City, Adelaide Sharks, other soccer clubs and the fans all need to lobby the South Australian Soccer Federation for the changing and or elimination of these petty rules so that we can all increase the atmosphere so that Hindmarsh Stadium becomes the most feared venues for interstate clubs.

Another very important thing which must happen to increase the character of the game is the elimination of rules relating to flags and insignias of other countries. I am not of Italian origin but I believe that fans should be able to display these flags as they wish. Fans of "ethnic" origin make up the backbone of our country's soccer and all that Soccer Australia seem to be doing is trying to eliminate them from our game.

So, I encourage all Adelaide City Fans to become a lot more vocal at the games and to bring flags, banners, anything to get behind the players. There is no doubt that a good crowd atmosphere makes the standard of play a lot better and will ultimately have the old supporters flocking back to Hindmarsh to support Adelaide City. Also if interested, you should become a member of the cheer squad to help our team

Thankyou, Gabe Delaine

Ze Females

Being a full time mum, although it is very rewarding it can also be very stressful, so every now and then us mums need some time out, what better than a Ladies Night Out! As a loyal Adelaide City supporter what better than, Adelaide City players entertaining their women supporters, not on the field but on stage (no I'm not suggesting a full monty) but perhaps a fashion parade or perhaps some of our players may have a hidden talent besides playing brilliant soccer, they may sing or dance. It would be a great way to introduce themselves personally to our loyal Lady Zebra supporters, not to mention an excellent way to make some money for the Club. I'm sure a lot of you Ladies would be interested. I know for a fact Port Power and the Crows Football Clubs have an annual Ladies Night and its very successful and entertaining.

So what about it Lady Zebras, Ladies Night Only.

Sounds good to me.

Wishing you and your families a very Merry Christmas - Lady Z

ADELAIDE CITY

THE SMILING ASSASSIN

..CARLO TALLADIRA

Carlo Talladira is the type of man all good clubs in world soccer possesses. A tireless workaholic midfielder, Carlo doesn't receive all the accolades he fully deserves. Why? Because Carlo does his job, without searching for glory, he doesn't expect a pat on the back; the "Smiling Assassin" is a team player. All for one and one for all that surely would have to be Carlo's philosophy.

Spectator caught up with Carlo for an insight.

VM: Carlo welcome back home how does it feel to be back at Adelaide City?

CT: It feels fantastic, I have been away for 2 & 1/2 seasons, it's good to be back home with the club I grew up with. I have been with the Zebras since 1981, when I was an Under 11 player. I stayed right up until halfway through the 1995/96 season.

VM: What was the reason for leaving the Zebras?

CT: I wasn't in favour under coach John Perin at the time and Gippsland made an approach for me to play the rest of the season out on loan. I played 15 matches for Gippsland under the coach of the time Harryingham.

VM: How about the time you spent at the now defunct Collingwood?

CT: When I finished the loan stint with Gippsland, Wollongong approached me and Collingwood were announced as the new team in the Ericsson Cup. The final decision was easy because Zoran was the coach of Collingwood and I made my mind up to go. At Collingwood we started like a house on fire, we had good crowds, a good team and the spirit of the club was excellent. As the season went on things started to fall apart. The finances were bad, the team fell apart and the whole thing ended up being a nightmare.

Payments on time were rare, and then the big blow came when we were kicked out of Victoria Park. We moved from one ground to another in order to train and at the last training session we didn't even have a soccer ball.

...by Val Migliaccio

Zoran kept the club together in the end after we had no office to operate from. He ended up operating from a friend's office where they gave him a phone and a desk. It was an absolute nightmare.

VM: Did you learn anything from those experiences?

CT: I matured a lot quicker, and was totally independent living on my own. I soon learned about the little things in life you take for granted and it made me realise how good Adelaide City has got it at times.

VM: So what happened when the nightmare at Collingwood ended?

CT: I came back home to Adelaide and married Linda in June 1997. We bought a house, and I scored a good job at TMK and Associates and wanted desperately to stay in Adelaide. I spoke to John Nyskohus and he didn't have any room for me so I stayed out of the Ericsson Cup before joining Campbelltown in the Premier League and I enjoyed myself under coach Mario Boffa.

VM: You have now chalked up 106 appearances with Adelaide City and scored three goals, which was your best goal?

CT: Two weeks ago against Sydney United. Dino Mennillo passed the ball to me from a corner out side the box, I had a look up to see the options available in the box. I knocked the ball forward a tad, United came to close me, I had one more touch saw plenty of the net and went for it.

VM: Out of all the players in the Ericsson Cup that you have faced which one gave you a bath so to speak?

CT: Kresimir Marusic when he played for the Melbourne Knights, enough said!

VM: Which teams do you enjoy playing the most against?

CT: I enjoy all matches which have great atmosphere and full houses, especially against the Sharks, Perth Glory and South Melbourne.

VM: Every player must have an embarrassing moment what's yours?

CT: I missed a flight to Melbourne when we were playing the Melbourne Knights. It was in the 1993/94 season and there was a misunderstanding and Zoran rang me at home and asked why I wasn't at the airport. I got there as fast as I could and jumped on the next flight to Melbourne I played a full match and we got hammered 4-0.

VM: When you end playing would you still like to be involved in the game?

CT: I would like to coach in the Premier League and see what eventuates from there. I believe that if you do coach an A-League side you have to give players

something about the game that they possibly don't know about.

VM: How about your idols over the years, who are they?

CT: Well I have four of them. I supported Italy's Juventus and Michele Platini was the midfield general, he had great vision, skill and could read play two moves ahead. The others are Diego Maradona for his consistency to be able to play at the highest level every week, he was a freak. Great skill, speed he had it all. Aurelio Vidmar is another for his determination to succeed and Milan Ivanovic he's a machine, so cool and he's made some of Australia's best players look second rate with his class.

VM: How about the Zebras chances this year to succeed?

CT: I think they are pretty good now and will get better as the season progresses. There have been some changes to the line up and we are still getting used to each other. This year we have the desire to win and more so now than ever. Some of us are older now and the focus used to be on holding down a regular team place, but now although it's still very important the focus is very much in the will to win.

VM: Finally Carlo what advice can you give to the young and not so young?

CT: Patience and determination are the key. Listen to all advice and most of all enjoy the game.
